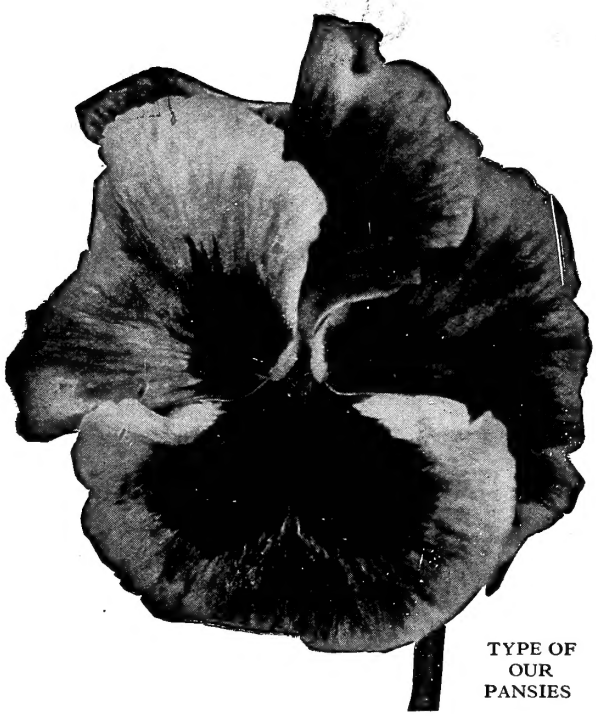
ANNUAL LARKSPUR, Stock Flowered

Vaughan's Giant Pansies



TYPE OF OUR PANSIES

SWISS GIANT MIXTURE

The flowers of this new strain are of enormous size, three inches and over in diameter, they are perfectly round with overlapping petals, borne on strong stalks well above the remarkably luxuriant foliage. The most striking qualities of this strain, however, are the wonderful colors and color combinations—very rare and entirely new—never before seen in Pansies, salmons, pinks, reds. All flowers are 3- or 5-blotched. There are no self colors such as white, yellow and blue in this mixture. We recommend this strain unreservedly. Tr. pkt., $1.00; ⅛ oz., $2.50; ¼ oz., $4.50; oz., $16.00; 4 ozs., $50.00.

VAUGHAN'S INTERNATIONAL MIXTURE

This is a mixture of special strains such as Bugnot, Masterpiece, Swiss Giants, Triumph of the Giants, Mammoth Exhibition, Non Plus Ultra, Giant Cassier—all 3-and 5-spotted flowers of largest size and great substance in the most varied colors and color combinations. Since this mixture contains but very few self colors, such as white, blue and yellow, these should be ordered separately if desired. Trade pkt., 50c; ⅛ oz., $1.25; ½ oz., $4.00; oz., $8.00; lb., $100.00.

VAUGHAN'S GIANT MIXTURE

Besides a good share of the "Fancy" strains such as Masterpiece, Bugnot, Cassier, etc., this mixture contains all the self colors such as white, yellow, blue, purple, red, bronze, etc., and is probably the best "general" high grade mixture obtainable. All the flowers are of the "Giant" type and of good shape and texture. Trade pkt., 50c; ⅛ oz., 75c; oz., $5.00; ¼ lb., $18.00; lb., $60.00.

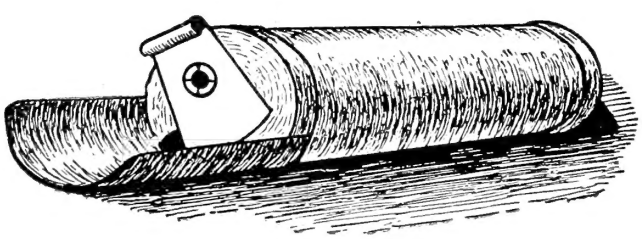
The Economical Seeder



A handy little tool which will be found useful and economical in sewing all fine seeds. It is made of zinc and measures 4¾ inches over all.

The instrument is small enough to be held in the palm of the hand and the amount of seed is controlled by a simple action of the thumb operating a slide regulating the flow of the seed. It has a capacity of one ounce of aster seed and more or less of other seed according to size. It is especially recommended for sowing finer flower seeds such as begonia, calceolaria, cineraria, by florists, and all the smaller vegetable and flower seeds in the garden.

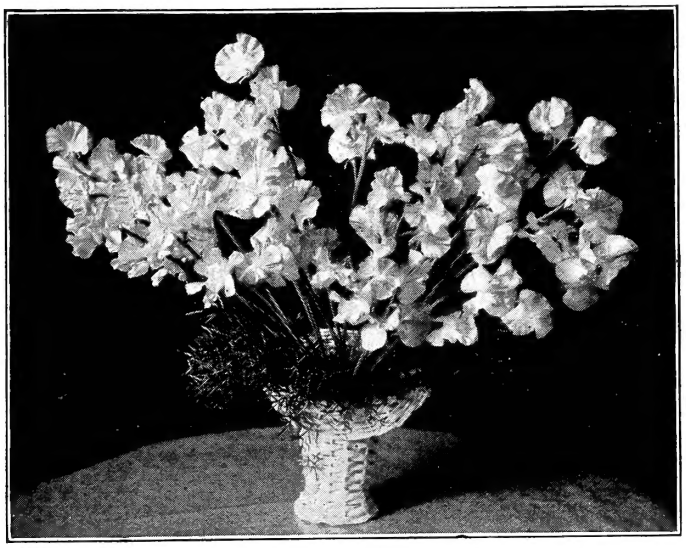
Each, 50c

Sweet Peas — Early Flowering Spencer Novelties

4 ozs. and upward supplied at pound rate. Less than 4ozs. at oz. rate, unless quoted otherwise.

We especially recommend these for trial for comparison with older varieties.

Book: "Better Sweet Peas," by Geo. J. Ball, for 75c per copy.



MORSE'S SUPERIOR PINK

A GRAND NEW PINK SWEET PEA

Morse's Superior Pink

An improved Zvolanek's Rose

The color is a beautiful clear rose pink, very slightly shaded with salmon. This salmon shading gives more life to the color in the daytime and under artificial light is most outstanding.

The variety is a strong grower but not coarse in vine. Flowers measured 2½ inches across the standard without being flattened out and stems averaged 18½ inches in length. When well grown four magnificent blossoms to each stem is the rule. This outstanding novelty was awarded a Silver Medal at the International Flower Show, March 16, 1926. A Certificate of Merit by Chicago Florist Club, Chicago, on May 13, 1926. Originator stock.

Price oz., 80c; lb., $8.00.

	Oz.	Lb.
Ball's Rose. A most attractive bright dark rose with just enough of an amber flush to heighten the bright rose effect. The flowers are large and borne on extra long stems. Awarded the highest recognition by the Commercial Flower Growers of Chicago, the Chicago Florists' Club and the Illinois State Florists' Association	$0.90	$12.00
Ball's Blue. Clear blue of unusually free growth and flowering habit	.80	10.00
Bright Light. An improved early Vulcan and is very much brighter, in that the color is a flaming self scarlet. It is absolutely sunproof and in fact the brighter the sun the brighter the color. Under artificial light and in the florist's window it stands out in all its brilliance, commanding attention. Early Bright Light is a good grower and flowers and stems are of uniform size. Awarded Certificate of Merit by Commercial Flower Growers of Chicago	.80	10.00
Charm. A glowing shade of rich rose-pink, shading almost to white at base of standard with a faint salmon cast over the bloom. ½ oz., $1.25; 4 oz., $7.50; ½ lb., $13.75	2.25	25.00
Duplex Pioneer. Beautiful rose pink. Pkt., 50c; ¼ oz., 85c	3.00	
Giant Rose. A large improved Zvolanek's Rose color. The stems were 20 inches long and flowers 2¼ inches across; many stems had 5 blooms. It was awarded a Silver Medal, International Show, New York, March, 1927. Awarded Cultural Certificate, New York Show. Awarded Certificate of Merit by Commercial Flower Growers of Chicago	$0.90	$10.00
Gleam. Bright geranium pink and entirely new shade in sweet peas, a salmon-cerise giving a bunch effect of light cherry pink. 4 oz., $7.50; ½ lb., $13.75; ½ oz., $1.25	2.25	25.00
Gilda Gray. Standard, is a lovely shade of salmon-cerise, overlying a bright rose tint. The wings are a bright Hermosa pink and give a bunch effect of iridescent sparkling pink	.80	10.00
Illumination. Salmon-cerise	.50	5.00
Imperial Pink is the last word in pink Sweet Peas and this new variety, we prophesy, will be the favorite pink among florists and in our gardens for many years to come. A clear pink of enormous size bred up from a line of strong and tested parentage, insuring a vigorous growth, long stems and an abundance of blooms over a long period. ¼ lb., $3.25	.90	12.00
Jeanne Mamitsch. A sport from Rose Queen and an improvement on Zvolanek's Rose. Striking pink, shading off to deepest pink	.65	7.00
Orange King. It is a beautiful glowing orange and practically sunproof. It throws four regularly on long stiff stems. A spray of this grand variety under artificial light is glorious	.90	12.00
Mrs. Calvin Coolidge. A bright salmon-pink with a suffusion of bronzy orange	.90	10.00
New Blue. New deep blue	.65	8.00
Spring Song. Flowers rich bright rose-pink, flushed salmon. ¼ lb., $7.00	2.00	25.00
Snow White. A white seeded white with long stems, bearing usually four flowers to the stem. In trials, "Snow White" stands out whiter than all other Early white seeded whites, and has longer stems. This character seems to hold out during the entire flowering period. "Snow White" has been tested out under commercial conditions under glass, and has been very favorably commented upon, especially by those growers who need a good white for winter flowers	.80	10.00
Sweet Lavender. A pure lavender self, of enormous size, beautifully frilled, always bearing fours and with good stems	.50	6.00
White Harmony. The best winter flowering black seeded white Sweet Pea to date. White Harmony is a sport from the popular lavender "Early Harmony." It is a fine grower, the stems are long, the flowers are large and pure paper white of grand substance. During dull weather, under glass, "White Harmony" does not show the green edge on the flowers which other black-seeded whites have shown. "White Harmony" has been tested out by several commercial growers and all have been most enthusiastic over it. It was awarded a Silver Medal and a Certificate of Merit at the National Flower Show in Detroit; a Silver Medal at the Philadelphia Flower Show	.90	12.00

Seeds of Biennials and Hardy Perennials

Many of the biennials and perennials are now as important to florists as Asters, Sweet Peas, Verbenas, etc., are among the annuals. Some can be forced, such as Delphinium, Canterbury Bells, etc., while many others sell as readily as Geraniums if grown in pots, not to speak of the cut flower sorts, such as Coreopsis, Gypsophila, Chrysanthemum, Shasta Daisy, Physostegia, etc. They are really needed in every florist's establishment that caters to the better class of trade. The demand for them is increasing.

Vaughan's Greenhouse Plants

All orders to all states shipped subject to customers assuming risk in regard to their state entomology requirements.

We assume no transportation risks after delivering shipment in good order to the transportation company. Should customers have any cause for rejecting plants we would suggest that they be accepted under protest, and particulars telegraphed us at once.

Soft plants are not shipped to distant points by freight.

BILLING—25 at the 100 rate; 250 at the 1,000 rate. We charge for packing on all orders at cost.

On plants in bloom for Holidays and Easter, or on Cold Storage Stock, we can not entertain claims for allowance in case of damage in transit, the stock being sold on a basis of actual value at Western Springs.

SANSEVIERIA LAURENTII

The dark green leaves have a band of creamy yellow about one-half inch wide along the margins, in addition to the regular pale green transverse bands.

True heavy stock, greenhouse grown.

Price, 4 inch, each, 65c; per 100. $60.00; 5 inch, each, $1.00.

Field of Vaughan's Purity Freesias

Vaughan's Freesias California Grown

THE reports that we are getting from our growers at the time this book goes to press, assures for us a good supply of ½-⅝ inch and is the size that most growers prefer. We also hope to have sufficient bulbs of the other sizes to take care of our early booked orders and those who order their supply **now.**

Those growers who planted a good supply of these bulbs, owning them at **very low prices,** have made good profits, and are again **booking** their orders this season in quantity for shipment during July, August and September.

They know they grow easily, that the flowers can be used in many ways, and with prices of Paper Whites about the same as last year, good profits can again be expected.

Be careful, however, not to compare **our prices** with those who might be offering **discolored** bulbs and the **ordinary Refracta Alba or "tissue paper"** variety. They are worthless.

In addition to Purity Freesias we offer named colored sorts, hybridized by the eminent grower, Mr. A. Frey, of California.

Order now and make sure of your supply

TRITONIA CROCATA
(Scarlet Freesia)

Much interest has been expressed among the floral trade regarding this flower. By way of description the flowers are most exquisite, orange-scarlet or flame red in color and have transparent petals. They have the same characteristics as Freesias. Although delicate in appearance, they keep for several days as cut flowers. They are the finest flowers for dainty table decorations and are exceptionally well adapted to basket work and are very striking both as to color and daintiness. Per 100, $4.00; per 1,000, $35.00.

BULBS for Mid-Summer and EARLY FALL

Examining Lilium Harrisii Fields

True Lilium Harrisii

Vaughan's special strain of **Lilium Harrisii** is grown for us on the Bermuda Islands by one of the most reliable growers, and under the supervision of the British Government Horticultural Inspectors. Each year hundreds of thousands of flowers are taken off of the plants after they have fully opened in order to admit light and air to the lower section of the plants, thereby preventing blight and materially aiding the development of the bulbs. Numerous fields of other growers in the same and nearby section contain a very high percentage of lilies **not true type.** These are known to the growers as **Hybrids,** and are really a cross between the Longiflorum and the Harrisii. They grow much shorter, have a broad foliage, bloom about two weeks later, and carry less flowers per bulb than the **true Harrisii.** This makes them undesirable for early forcing.

Do not allow the matter of **price to interfere** when **buying** this stock. Remember **Hybrid stock** can be bought **cheap.**

We can place in cold storage for a few weeks if desired.

Let Vaughan's Protect You on Your Fall Bulb Requirements

By placing **your orders now** (at open prices) it enables us to send to our foreign representatives your order, thus they take advantage of field prices which are invariably lower than at Green Auctions, also helps us to figure more closely our requirements, and with less surplus risk we can make our prices much lower than we can to those who wait until shipping time.

Selling you cases and packing **Free F. O. B. New York, Chicago, Seattle, and San Francisco.** This eliminates all "Special Expenses," "Excess Brokers' Fees" and "Port Charges," in which nearly every U. S. florist-grower has been persistently robbed for years.

In buying Hyacinths from us you buy them by measure in "centimeters." This means much, as against those people who sell **"Firsts," "Seconds"** or "Thirds" and give you no assurance as to what such grades measure.

Further, you get our fifty years of experience of supplying the most critical Florist and Private Trade with forcing bulbs.

LET YOUR BULB CARES BE OURS

White Calla *Ready in September*

(Aethiopica)

These can be grown at less expense during the winter months, requiring less heat than other lilies.

Callas being natives of swampy regions grow to best advantage where there is an abundance of moisture, and are therefore very difficult to handle in the curing. Some growers practice **premature cutting off the tops,** expose bulbs to **the sun,** in order to make **early shipment.** This is very dangerous and will cause dry rot.

We therefore take great pains in **securing our stock from growers** in California who do not use this practice. Our stock is **thoroughly cured in the ground** and **dried** thoroughly before they are packed. This, of course, means **later delivery** but better results can be obtained from such bulbs.

We caution forcers of Callas to water this stock sparingly after planting because Calla bulbs store up considerable moisture.

IRIS

Filifolia "Imperator." Brilliant Blue. Large flowers on long stems. Per 100, $4.50; per 1000, $35.00.

Spanish Iris. Named varieties our selection. Per 100, $5.00; per 1000, $40.00.

ANEMONES

One of the most showy flowers, good for cut flowers. They thrive in any soil except a very heavy clay. Soak the bulbs in water about 12 hours before planting. Set 10 inches apart, about 2 inches deep. Sunny location, plenty of moisture. **Special Mixed,** per 100, $4.00; per 1000, $30.00.

St. Brigid Strain. Per 100, $5.00; per 1000, $35.00.

RANUNCULUS

A favorite florist flower everywhere. Bulbs are claw-like shaped and should be planted with claws downward two inches deep and ten inches apart. Ordinary garden soil is satisfactory. Soak bulbs same as Anemones. **French Mixed,** per 100, $3.00; per1000, $25.00.

Special H. & S. strain. Per 100. $7.50; per 1000, $65.00.

RANUNCULUS

Hardy German Iris

☞ "S" refers to the three standard or upright curling petals. "F" refers to the three falls or drooping petals.

The figures preceding the varieties are the rating given to them by the American Iris Society, 10 being the highest rating used in the judging.

Retail Price $20.00

Ready for Shipment After Sept. 15th.

Sell Darwin Tulips from This Compact, Beautiful Display

WE HAD to turn down orders for this bulb deal last fall; and every buyer we have heard from sold out. It is the first and only offer which enables a dealer to display named varieties of tulips attractively, and with no trouble in keeping stock. Make sure of your assortment by sending in an early order.

Vaughan's bulbs are nationally known for their quality. No other assurance of your merchandise is needed than to say it come from Vaughan's Seed Store. The ten-compartment display box staunchly made of 100 point cardboard printed in brilliant colors, will hold 500 bulbs, 50 each of ten varieties.

This beautiful display box, with 500 First Size Darwin tulips, 50 each of ten named varieties, separately bagged, $10.00 f. o. b. Chicago or New York.

The varieties in this collection are the most popular we know including: Bartigon, Princess Elizabeth, Farncombe Sanders, Inglescombe Yellow and others of like quality. You retail them for 50 cents per dozen, and your profit equals your investment. After the display box and first collection have been bought, refill orders will be accepted for $9.00 for 500 bulbs, 10 each of the same varieties, in bags of 50; or $17.50 for 1,000 bulbs, 100 each of the same ten varieties, 50 in the bag. As each compartment in the box holds easily 50 bulbs, it is convenient to transfer the entire bag-full to the proper bin when the latter is empty. This prevents mixtures and loss of bulbs.

Counter Space Needed, 13x29 Inches.

The display box with its garden design printed in brilliant colors, occupies very little space on your counter. It is an ornament to any store. It solves the problem of offering bulbs for sale in the retail shop, without danger of mixing varieties, and losing stock. A big, sure profit, and added sales are certain for anyone who takes advantage of this offer.
